## A PASSION FOR DETAIL

### MARCOM PROFESSIONAL SOFTWARE – “SMAHRT METROLOGY” – SIMPLE, SMART AND NOW AVAILABLE TO DOWNLOAD FREE OF CHARGE

Our contribution to Industry 4.0. MarCom Professional software interface for connecting measuring instruments by cable or wireless. See page 6

#### INTEGRATED WIRELESS

Measuring instruments with integrated wireless transmitter. See from page 8

#### MILLIMAR C 1200

Now with dynamic measuring function. See page 23

#### MARSURF PS10 – “SMARTSURF”

Entry-level surface metrology with intuitive touch operation. See page 27

DIMENSIONAL METROLOGY:  
EXPERIENCE, INNOVATION AND  
DEDICATION.

# A PASSION FOR DETAIL

## MEASUREMENT AND EVALUATION: THE TWO BELONG TOGETHER

Measurement in production is one side of quality assurance – the other is the professional evaluation of measuring data. The two go hand in hand, and both determine success in production.

A lot has changed in recent years in both measuring and evaluation. Mahr offers innovative solutions, which will make your everyday work much easier and better.

### Wireless devices: faster measurements without wires

Our new calipers and dial indicators with integrated wireless transmission mean that measured values can be transmitted to a PC wirelessly. This makes it much easier to record and document measuring data and thus also speeds up quality assurance processes.

### MarCom Professional: the software for evaluating measurements

This is where the software comes in: the wirelessly transmitted measuring data can be processed using "MarCom Professional". The evaluation provides valuable and necessary information about production. This serves as the basis for reliably monitoring processes and increasing productivity.

### Free download

We have a very special offer for our Mahrlights readers: You can now download the "MarCom Professional" software free of charge (see page 6/7)!

MAHR's combination of wireless devices and evaluation software brings you another major step closer to the benefits of the Industry 4.0 networked factory. Find out more in this latest issue of Mahrlights.

Enjoy!

# SMAHRT METROLOGY

## WIRELESS DEVICES FOR MORE MEASURING CONVENIENCE

Mahr's new wireless devices with **integrated wireless transmitter** are designed for user-friendly, practical and cost-effective use in your factory. They will make your measurement recording processes much faster and more efficient.

### Mahr's caliper and dial indicators herald a new era:

Mahr has enhanced its "MarCal" and "MarCator" ranges with state-of-the-art technology. These special measuring instruments

- feature "**Integrated Wireless**",
- have a transmitter directly integrated in the measuring instrument,
- are **energy-efficient** and do not require a separate battery.

### Conventional measuring station – with cable connection

### BENEFIT FROM THESE OUTSTANDING ADVANTAGES:

Data link	Integrated wireless	Cable connection
Range	Max. <b>6 m</b>	Max. <b>2 m</b> (without extension cable)
Freedom of movement and operation	<b>Fully autonomous measuring without limits</b>	<b>Limited freedom of movement</b> , especially at measuring stations with multiple measuring instruments
Wear	<b>No risk of damage or wear</b>	<b>Risk of:</b> - cable breaks, cable kinks - embrittlement from oil, etc.
Interface	1 <b>affordable i-Stick receiver</b> for 8 measuring instruments (maximum 4 i-Sticks per PC) <b>Free MarCom Professional software interface</b>	<b>One cable</b> is required for each measuring instrument Additional <b>hardware interface</b> must be purchased
Safety	Visual <b>feedback of successful transmission</b> on display of measuring instrument, or <b>error message</b>	<b>No feedback from transmission</b> Unplugged cables or cable breaks are <b>not identified</b>

# MARCAL. THE WIRELESS CALIPER

With the **MarConnect system** you will always have the **optimal connection to all evaluation systems** – either via integrated wireless or data cable. Mahr's **Reference System** makes the caliper **easier** to handle. Thanks to the

high **degree of protection IP67**, the MarCal 16 EWR is **perfect for use in the harshest ambient conditions**.

## MARCAL 16 EWRi Digital Caliper

With integrated wireless

REFERENCE

**Starter Pack**  
**£ 206.72**  
Order no. 9105795

### Starter Pack

**16 EWRi incl. i-stick wireless receiver and MarCom Professional 5.1** see order no. 9105795 and 9105796

### Features

Functions: ON/OFF, AUTO-ON/OFF, HOLD (storage of measured values), RESET (set display to zero), PRESET (enter a numerical value), mm/inch, Reference System, LOCK function (key lock), DATA (data transmission)

- **Integrated wireless transmitter**
- Immediate measurement thanks to the **Reference System**
- Excellent resistance to dust, coolants and lubricants:

### Protection class IP67

- Power supply: Battery life approx. 3 years (approx. 0.5 in wireless mode)
- Lapped guideways
- Slide and beam made of hardened stainless steel

# DIGITAL MEASUREMENT WITH MARCATOR

Our **innovative range of digital dial gauges contains high precision electronic measuring systems**, enabling a multitude of additional practical measuring functions. Simple to operate with a large, easy to read display, our digital dial

gauges meet all the requirements of a modern measuring instrument. **Quick and simple data processing** ensures results are available when you need them.

## MARCATOR 1086 Ri

Digital dial indicators

Resolution from 0.5  $\mu\text{m}$  and tolerance display

Offer price  
**£ 251.81**  
Order no. 4337624

**REFERENCE**

### Features

Functions: ON/OFF, RESET (set display to zero), mm/inch, reversal of counting direction, PRESET (enter a numerical value), TOL (enter tolerance limit values), ABS (display can be set to zero, without losing the reference to the preset value), DATA (data transmission via connection cable), factor (adjustable), LOCK (lock individual keys)

- High contrast LCD
- Operating and display unit (bezel) can be rotated 280°
- Lifter protection cap on end of measuring pin
- Immediate measurement thanks to the **Reference System**
- Power supply: Battery life approx. 3 years

## MARCATOR 1087 Ri

Digital dial indicators

Resolution from 0.5  $\mu\text{m}$  and dynamic max/min functions

Offer price  
**£ 295.16**  
Order no. 4337663

**REFERENCE**

### Additional functions of MarCator 1087 Ri

# MARCONNECT. THE NEW WIRELESS STANDARD

With **MarConnect Integrated Wireless** measuring instruments you're always guaranteed **optimal connection to all evaluation systems**. Being able to record measuring

data without annoying data cables makes the measuring instrument much easier to handle and more efficient.

## Digital calipers for special applications

Mahr offers a range of calipers for special applications featuring our state-of-the-art measuring system with integrated wireless. The range includes special calipers, universal calipers right through to depth gauges.

# THE CUTTING EDGE IN DATA TRANSMISSION

In modern production it is imperative that measuring results are recorded and evaluated accurately. These results are not only valuable benchmarks for assessing products, but they can also be used to evaluate and optimize production

processes. Mahr sets high standards with its **up-to-date wireless data transmission solutions. Simple, Reliable and Professional.**

## MARCONNECT i-Stick wireless receiver for measuring instruments with integrated wireless

Wireless receiver i-Stick incl. software interface

Offer price  
**£ 76.50**  
Order no. 4102220

### Features

- Measurement without the nuisance of additional modules
- Large freedom of movement, up to 6 m wireless
- Secure and simple data transmission
- Long battery life span
- Inexpensive
- Comes with free MarCom Prof. 5.1 software

Product	i-Stick		
Number of channels	3

## MARCOM PROFESSIONAL 5.1 software interface

Processing measuring data

For free  
**download**  
[www.mahr.com/marcom](http://www.mahr.com/marcom)

### Features

- Integrated virtual interface boxes
- Possible to connect to SPC software via a virtual interface box
- Freely configure the desired data transmission (e-Stick, i-Stick, FM 2, USB, RS232C)

Product	MarCom Professional 5.1
Number of connectable wireless receivers for i-stick	4
Number of connectable measuring instruments with integrated wireless	32
Number of connectable wireless receivers for e-stick	1
Number of connectable transmission modules for e-stick	8
Number of connectable wireless receivers for FM 2	1
Number of connectable sender modules for wireless receiver FM 2	100
Number of connectable measuring instruments with USB interface	128
Number of connectable USB foot switches	128
Number of connectable measuring instruments with RS232C interface	2
Number of virtual interface boxes (8 inputs)	4

# MARCAL. THE REFERENCE CALIPER

Mahr's **Reference System** has made the caliper much **easier and more convenient** to handle as the zero position only has to be set once and the setting is stored for all further measurements. Due to the **high degree of IP67 protection**,

the MarCal 16 EWR is protected against dust, coolants and lubricants and is therefore **ideal for use in the harshest ambient conditions**.

## MARCAL 16 ER Digital Caliper

Large display

Offer price  
**£ 69.81**  
Order no. 4103010

MarCal 16 ER, 200 mm, Order no. 4103018

REFERENCE

## MICROMAR 44 AS Set of Self-Centering Inside Micrometers

For measurements to the bottom of the bore hole

DIN  
863-4

**Offer price**  
**from**  
**£ 502.99**

### Features

- Operating and display units have a satin chrome finish
- Spindle is made of stainless steel, hardened and ground
- Rapid drive with integrated ratchet
- Self-centering measuring head consists of three laterally positioned probes, each are offset at intervals of 120°
- Probes from 12 mm are carbide tipped
- From 12 mm the probes can be used to measure to the bottom of a bore
- From 40 mm all measuring heads are made of aluminum to reduce weight

# MICROMAR INNER MICROMETERS

Micromar 3-Point inner micrometers - for rapid bore hole measurement in any production plant. Three laterally positioned measuring heads, together with the mechanically

reproducible measuring force for self-centering the measuring instrument in the bore hole, ensures **reliable and accurate measuring results**.

## MICROMAR 44 EWR Self-centering Digital Micrometer Sets

Immediate measurement thanks to the Reference System

Offer price  
from  
**£ 940.31**

REFERENCE

### Features

Functions: RESET (set display to zero), ABS (set display to zero without the reference to the preset being lost), mm/inch, PRESET (enter a numerical value), Reference System, LOCK function (key lock), DATA (data transmission via connection cable)

- Threaded connection for changing the measuring heads
- Self-centering measuring head consists of three laterally positioned probes, each are offset at intervals of 120°
- Probes from 12 mm are carbide tipped
- From 12 mm the probes can be used to measure to the bottom of a bore
- From 40 mm all measuring heads are made of aluminum to reduce weight

# MARCATOR POINTS YOU IN THE RIGHT DIRECTION

Due to their versatility, dial indicators rank as some of the most commonly used transducers. That is certainly the case with our MarCator series. Our mechanical dial indicators have **precision gears and pinions for maximum accuracy.**

Also available in shockproof and waterproof versions.

## MARCATOR 810 A Precision Dial Indicator

DIN 878

The classic indicator with a lifter protection cap

**Offer price**  
**£ 27.20**  
Order no. 4311050

### Features

- High contrast dial face
- Adjustable colored tolerance markers for optimum contrast
- Chrome plated metal housing
- Lifter protection cap with dust protection function
- High precision gears and pinions

Product	Measuring range mm	Reading mm	Dial diameter mm	Details	Order no.	List price £	Offer price £

## MARSTAND 815 MG Measuring Stand with Magnetic Base

Simple one handle positioning

**Offer price**  
**from**  
**£ 122.06**

### Features

- 3D measuring stand, can reach any position within the operating range
- Easy to position, all three joints can be fixed into position with just one handle
- Maintenance-free mechanical clamping system
- Arm components are made of black anodized high quality aluminum
- Dial indicator holder with 8 mm mount diameter and dovetail for dial test indicator measuring devices
- Equipped with microfine adjustment, free of backlash
- Very powerful ON/OFF magnet
- Package contents: Excludes dial gauge

# DIGITAL MEASUREMENT WITH MARCATOR

Our **innovative range of digital dial gauges contains high precision electronic measuring systems**, enabling a multitude of additional practical measuring functions. Simple to operate with a large, easy to read display, our digital dial

gauges meet all the requirements of a modern measuring instrument. **Quick and simple data processing** ensures results are available when you need them.

## MARCATOR 1075 R Digital Dial Gauge

With large display

Offer price  
**£ 100.98**  
Order no. 4336010

REFERENCE

### Features

Functions: ON/OFF, RESET (set display to zero), mm/inch, reversal of counting direction, PRESET (enter a numerical value), DATA (data transmission via connection cable), LOCK function (key lock), AUTO-ON/OFF

- High contrast LCD
- Protection cap on end of measuring pin
- Power supply: Battery life approx. 3 years

# MARTEST. HIGHLY SENSITIVE MEASUREMENT

Since 1936 Mahr has been one of the world's leading suppliers of dial test indicator measuring devices. **Sensitive, computer-optimized mechanisms ensure maximum**

**reliability and precision.** MarTest instruments are ideal for use in workshop conditions, with sealed dials ensuring **liquid resistance.**

## MARTEST 800 S / SG

Dial Test Indicator Measuring Device - standard version

**Offer price**  
**£ 57.46**  
Order no. 4305200

### Features

- High contrast dial face, sealed with an O-Ring
- Satin chrome finished housing with 3 integrated dovetail guideways
- Shockproof mechanism
- Anti-magnetic model
- Automatic adjustment to the contacting direction ensuring infallible readings
- Ball-bearing mounted double lever, overload protection thanks to friction clutch
- Measuring anvil with carbide ball  $\varnothing$  2 mm

**With hardened mineral glass, resistant to breakage and scratching**

# MILLIMAR. MADE FOR PRECISION

Mahr provides a whole world of dimensional metrology excellence. The Millimar range of products comprises perfectly matched probes and evaluation units, as well as highly precise

mechanical components and customer solutions. For every measuring task in length metrology we have the solution: Millimar by Mahr.

## MILLIMAR C 1200 Compact Length Measuring Instrument

Now with added functions

Offer price  
**£ 648.08**  
Order no. 5312010

### Features

- Functions: ON/OFF, mm/inch, reversal of counting direction, measuring range switching, TOL (enter tolerance limit values), PRESET (enter a numerical value), factor (adjustable), DATA (data transmission), MAX/MIN memory for reversing point search, TIR (MAX-MIN) for testing radial runout and flatness
- High resolution and high contrast TFT color display
  - Fully adjustable display for ideal viewing angle
  - Extremely easy to operate
  - Suitable for mains or battery operation
  - With battery operation also suitable for mobile use
  - Compact housing

### New features

- Dynamic measuring functions (max, min, max-min)
- Key lock
- Asymmetric tolerance display

## MILLIMAR P2004 M Inductive Probe

The Standard Probe

Offer price  
**£ 167.28**  
Order no. 5323010

### Features

- Measuring pin mounted in ball-bearing guide
- High linearity over the entire measuring range
- Excellent electromagnetic shielding (EMC)
- All probes can be easily converted from axial to radial by mounting a slip-on cap (included in package)
- Further standard probes are also available upon request, for example: probes with a compressed air (pneumatic) lifter or with vacuum retraction as well as larger measuring ranges

# AIM HIGH

Digimar height measuring instruments guarantee the ultimate in flexibility and quality control. Our motorised Digimar height measuring instruments are **simple to operate**; all the basic

functions **can be executed** with a single key, offering **ease of use and accuracy**.

## DIGIMAR 817 CLM Height Measuring Instrument

With Quick Mode. Rapid measurement with the highest accuracy

Offer price  
from  
**£ 3,787.60**

### Features

#### Functions:

- Contacting from below and above
- Reversal point of a bore hole / shaft (above and/or below)
- Calculate distances and/or symmetry
- Dynamic measuring functions
- Measure perpendicularity and straightness
- Measure in 2D mode
- Measuring programs
- Statistics
- Process measured data etc.

#### Operating and display unit:

- Large and clearly defined function keys
- Easy to read backlit graphic LCD
- Operator guidance with self-explanatory icons / pictograms
- Future-proof thanks to software updates
- Selectable auto-off function, without loss of measured values

#### Measuring system:

- Excellent accuracy and reliability due to the optical incremental measurement system with the double reader head
- Dynamic probe system enabling high repeatability
- Air bearings system for light and smooth movement
- Precise measuring head guidance on stainless steel guideways
- Motorised measuring slide simplifies measurement runs
- Probe constant remains after the instrument is switched off
- Integrated rechargeable battery with a long operating life for mains-independent measurement
- Temperature compensation via internal temperature sensor

## DIGIMAR 816 CL Height Measuring Instrument

Perfect for accurate measurements in the production environment

Offer price  
from  
**£ 2,856.00**

### Features

#### Functions:

- Contacting from below and above
- Width between ledge and/or distance between a groove incl. center of the ledge and/or groove
- Diameter of a bore hole and/or shaft incl. center of the bore hole and/or shaft
- Reversal point of a bore hole / shaft (above and/or below)
- Calculate distances and/or symmetry
- Dynamic measuring functions
- Measuring program
- Process measured data

#### Operating and display unit:

- Easy to read backlit graphic LCD
- Clear function keys
- Language-neutral operator guidance with self-explanatory icons / pictograms
- Possible to set additional zero points on a workpiece
- Memory can store up to 99 measured values

#### Measuring system:

- Excellent accuracy and reliability due to the optical incremental measurement system with the double reader head
- Dynamic probe system enabling high repeatability
- Air bearings system for light and smooth movement
- Precise measuring head guidance on stainless steel guideways
- Motorised measuring slide simplifies measurement runs
- Probe constant remains after the instrument is switched off
- Integrated rechargeable battery with a long operating life for mains-independent measurement
- Temperature compensation via internal temperature sensor

# IDEAL FOR THE WORKSHOP

When you need to measure and check workpieces quickly in the workshop, trust Mahr's height measuring and scribing instruments.

## DIGIMAR 814 SR Height Measuring and Scribing Instrument

Exact positioning by handwheel

REFERENCE

Offer price  
**£ 418.20**  
Order no. 4426100

Extra stable and torsionally rigid columns with strong cross-section for precise marking and measuring tasks

Sturdy heavy-duty base, easy to handle

### Features

Functions: RESET (set display to zero), mm/inch, ABS (switch between relative and absolute measurement), reference lock/unlock, PRESET (enter a numerical value), DATA (data transmission via connection cable), AUTO-ON/OFF

- Life of battery up to 3 years
- Travel speed 1.5 m/s (60"/s)
- Ergonomic, sturdy base
- Hardened and lapped contact surface which produces both a smooth and even movement
- Slide and rail are made of hardened stainless steel
- Handwheel for positioning and measuring
- Fine adjustment
- Locking screw
- Interchangeable measuring and scribe tips, carbide tipped

Clamping lever for quickly fixing the slide unit

Handwheel for easy positioning and measuring

# ROUGHNESS WITH PRECISION

Careful testing is paramount wherever surface structures affect the functioning, processing or appearance of components or products.

**MarSurf brings Mahr expertise and knowhow** as the top quality solution for all your surface metrology requirements.

## MARSURF PS 10 SET Mobile Roughness Measuring Instrument

Intuitive and simple to use

### Features

- Simple and intuitive to use: As easy to use as a smart phone
- Large, illuminated 4.3" TFT touch display
- Create complete PDF measuring records directly in the measuring instrument
- Customer-specific comments can be entered directly into the MarSurf PS 10 for the PDF measuring record
- Data backup as TXT, X3P, CSV or PDF file
- Instrument flexibility: Removable drive unit
- 31 surface parameters offer the same range of functions as a laboratory instrument.

### Package contents:

- Drive unit (detachable)
- 1 standard probe conforming to standards
- Built-in rechargeable battery, charger / 3 adapters, USB cable
- Roughness standard integrated into housing (detachable), including Mahr calibration certificate
- Probe protection, carry case with shoulder strap
- Extension cable for drive unit
- Operating instructions

Offer price

# MARSURF M 300 SET Mobile Roughness Measuring Instrument

Perfect for accurate measurements in the production environment

## Features

- Automatic profile detection and corresponding selection of filters and traversing length conforming to standards
- Individual sampling lengths and short cutoff can be selected
- Printing of R-profile (ISO/ASME/JIS), P-profile (MOTIF), material ratio curve, measuring record
- Measuring units ( $\mu\text{m}/\mu\text{inch}$ ) and standards (ISO/JIS/ASME/MOTIF) are selectable

## M 300 SET contents:

- M 300 evaluation instrument
- RD 18 drive unit with integrated standard
- PHT 6-350 / 2  $\mu\text{m}$  default probe (conforming to standards)
- Height adjustment, probe protection, 2x USB cable, carrying case, etc.
- Includes Mahr Calibration certificate

Weight of the drive unit	g	approx. 300
Weight of the evaluation unit	kg	approx. 1
Measuring principle		Stylus method
Probe		Inductive skidded probe
Measuring force	N	0.75 mN
Order no.		<b>6910401</b>
List price	£	<del>3,740.00</del>
Offer price	£	<b>2,805.00</b>

## MARSURF M 300 C SET Mobile Roughness Measuring Instrument

Perfect for accurate measurements in the production environment

### Features

- Automatic profile detection and corresponding selection of filters and traversing length conforming to standards
- Individual sampling lengths and short cutoff can be selected
- Printing of R-profile (ISO/ASME/JIS), P-profile (MOTIF), material ratio curve, measuring record
- Measuring units ( $\mu\text{m}/\mu\text{inch}$ ) and standards (ISO/JIS/ASME/MOTIF) are selectable

### M 300 C SET contents:

- M 300 or M 300 C evaluation instrument
- Cylindrical drive unit RD 18 C
- PHT 6-350 / 2  $\mu\text{m}$  default probe (conforming to standards)
- Roughness standard PRN 10 with a Mahr calibration certificate
- Height adjustment, probe protection, 1x USB cable (for connection to a PC), carrying case, etc.

### M 300 C

**Note:** An additional separate MarSurf RD 18 C2 drive unit for transverse tracing for M 300 C is also available!

**Offer price**  
**£ 2,805.00**  
 Order no. 6910431

Product		M 300 C
Measuring range	$\mu\text{m}$	350
Parameters		Ra, Rz (Ry (JIS) equivalent to Rz), Rz (JIS), Rq, Rmax, Rp, RpA (ASME), Rpm (ASME), Rpk, Rk, Rvk, Mr1, Mr2, A1, A2, Vo, Rt, R3z, RPe, Rmr (tp (JIS, ASME) equivalent to Rmr), RSm, RSk, S, CR, CF, CL, R, Ar, Rx, Rv
Stylus tip	$\mu\text{m}$	2 $\mu\text{m}$
Calibration function		Dynamic
Memory		Store up to 40,000 results and up to 30 profiles
Dimensions (L x W x H) of the drive unit	mm	139 x 26
Dimensions (L x W x H) of the evaluation instrument	mm	190 x 140 x 75
Weight of the drive unit	g	approx. 300
Weight of the evaluation unit	kg	approx. 1
Measuring principle		Stylus method
Probe		Inductive skidded probe
Measuring force	N	0.75 mN
Order no.		<b>6910431</b>
List price	£	<del>3,740.00</del>
Offer price	£	<b>2,805.00</b>

# THE SECOND DIMENSION IN METROLOGY

With MarVision optical measuring instruments, Mahr offers you a **quick and reliable solution to many different 2D measurement tasks** – from precision products for the manufacturing industry to medical technology and

miniaturized electronic components. **Precise measuring instruments** and **efficient operating and evaluation units** meet the highest demands.

## MARVISION SM 150 / SM 160 Stereo-Zoom Microscopes

Inspection of workpieces on the shop floor or in the quality control laboratory

**Offer price**  
**£ 690.80**  
Order no. 4245001

### Features

- High quality optics for light intensive and sharp 3D images
- Continuously variable magnification due to the adjustable zoom lens
- Focusing with an ergonomic handwheel, mounted either side, ideal for either a left or right handed operator
- Vee-block head tilted to 45° and rotatable through 360°; with dioptric adjustment (54 – 76 mm)
- Illumination 12 V /15 W, integrated incident and transmitted light, continuously variable (SM 150 only)

Product	Magnification	Field of view diameter	Observation tube angle	Optical tube	Working distance	Max. height of test piece	Order no.	List price £	Offer price £
SM 150	Variable	28 – 5 mm	45 °	Binocular	105 mm	75 mm	4245001	<del>767.55</del>	<b>690.80</b>
SM 160	7x – 45x						4245003	<del>1,092.25</del>	<b>983.03</b>

## MARVISION SM 151 Stereo-Zoom Microscope incl. CamSet

Powerful stereo microscope for documentation with first class optics

**Offer price**  
**£ 1,403.01**  
Order no. 9104848

### Features

- High quality optics for light intensive and sharp 3D images
- Continuously variable magnification due to the adjustable zoom lens
- Focusing with an ergonomic handwheel, mounted either side, ideal for either a left or right handed operator
- Vee-block head tilted to 45° and rotatable through 360°; with dioptric adjustment (54 – 76 mm)
- Illumination 12 V /15 W, integrated incident and transmitted light, continuously variable

Product	Magnification	Field of view diameter	Observation tube angle	Optical tube	Working distance	Max. height of test piece	Order no.	List price £	Offer price £
SM 151	Variable 7x – 45x	28 – 5 mm	45 °	Trinocular	105 mm	75 mm	9104848	<del>1,558.90</del>	<b>1,403.01</b>

## MARVISION MM 420 / MM 420 CNC Workshop Measuring Microscope with Image Processing

Simple, but powerful, measuring functions

MM 420

### Applications:

- Measurement or determination of geometric elements (point, straight line, circle, distance, intersection point, etc.) by automatic edge detection, e.g. on punched and bent components, plastic components, and circuit boards.

### Features

- Integrated color camera
- Zoom lens, optionally motorized
- LED ring light: 1 ring and 4 segments, individually switchable and dimmable
- LED transmitted light: dimmable
- Solid granite base
- Sturdy steel XY table, precision-mounted
- Quick and fine adjustment of axes
- Optical incremental measuring system for outstanding accuracy and reliability
- Laser pointer for position finding

### Operating and display unit M3 software with touchscreen PC

- 23" touchscreen with keyboard and mouse
- Based on Windows 10; therefore possible to install further software
- Operation via the Multi-Touch screen or with a mouse/keyboard
- Large video image
- Reference/actual evaluation with tolerances
- Measuring record output with company logo
- Represented graphically with dimensions
- Automatic edge detection, even on low-contrast parts
- Statistics (minimum, maximum, range, standard deviation, 6-sigma etc.)
- Stitching (stitching of several individual pictures to create one big picture (rectangular stitching, open stitching))

Product		MM 420	MM 420	MM 420 CNC
Lens		Fixed	Zoom	Motorized Zoom
Magnification	mm	select either 40x, 60x, 100x	0.7x - 4.5x	6.5:1
Measuring range X/Y	mm	200 / 100		
200 extension in Z	mm	315 / 220		
Size of table	mm	370 x 210		
Maximum table load	kg	20		
Measuring system		Built-in incremental scale		
Measuring system - resolution	µm	0.001		
Measuring system - E1 X/Y in µm		1.9 + (L/100)		
Measuring system - E2 XY in µm		2.9 + (L/100)		
Working distance	mm	115		
Max. workpiece height 0.5x	mm	20		
Lighting		LED incident and transmitted light, adjustable		
Dimensions H x W x D	mm	700 x 480 x 430	700 x 650 x 550	700 x 650 x 550
Order no.		9106534	4247601	4247701
List price	£	<del>16,613.25</del>	<del>17,425.00</del>	<del>26,966.25</del>
Offer price	£	14,951.93	15,682.50	24,269.63
